

# Learn how to respond to a variety of funding opportunities! **Get Grant Writing Ready**

We've all been there. We're informed of a great funding opportunity, but when we look at the application, we're quickly discouraged by how complex and time consuming it's going to be.

The **Grant Writing Ready** program is designed to give you strategies and techniques to make the grant writing process faster and easier.

By the end of this course, you'll be able to:

- quickly discern if the opportunity is a good fit;
- complete applications more easily; and
- position your company as the ideal applicant.

Activities to check your understanding are dispersed throughout, while the workbook allows you to take your learning further and apply it to your own business.

You'll gain the knowledge, skills and confidence to write better funding applications!
